Bangla
English

SUMMARY

Currently, I have completed my academic courses in computer science at American International University Bangladesh. Now, I'm looking for a suitable internship. I am proficient in NestJS, NextJS and PostgreSQL. I have demonstrated this by creating an ecommerce website Ghore Ghore, which was a challenging but rewarding project that allowed me to apply my knowledge in a practical way. I'm an active and hardworking person. I'm looking forward to my first work experience.

EDUCATION

- 2020 - Present BSc In Computer Science & Engineering
American International University-Bangladesh
Dhaka, Bangladesh
Current CGPA 3.47

PROJECTS

• Zero Hunger

Dhaka witnesses significant food wastage and restaurants have the opportunity to contribute by donating surplus food using this project.

Skill used: JavaScript, C#, Microsoft SQL Server
